## HOMEOPATHY CAMP

This month witnessed yet another successful session of our quarterly Homeopathy Camp, organized in collaboration with the Prafull Vijayakar Homeopathic Research and Development Foundation. Over the past year, this initiative has become a beacon of hope for many specially-abled children, with numerous families relying on these consultations for holistic health solutions.

This time, the camp welcomed parents of more than 25 children, who consulted skilled doctors and received free medication. For the first time, we also had the privilege of serving visually impaired young adults, marking an inspiring new chapter in the camp's reach and impact.

We are honored to partner with the Foundation in this noble endeavor and remain grateful for the opportunity to contribute to society through this meaningful initiative.

### EDITOR SPEAKS

This month brought a welcome pause, allowing us to focus inward and realign our goals. Without the bustle of exhibitions or bulk orders, we seized the opportunity to strengthen our internal systems and processes while laying the groundwork for some exciting long-term and short-term plans. Our team has been hard at work developing new product lines and enhancing a few existing ones to better serve our customers.

This issue highlights the immense success of the homeopathy camp conducted earlier this month—a testament to our commitment to holistic well-being. It also captures the vibrant energy and innovative ideas brought by our enthusiastic interns, whose contributions have been invaluable.

Thank you for your continued support, which enables us to grow, learn, and make a meaningful difference.

# RECYCLING FLOWER WASTE - CRAFTIZEN

Our long-standing association with Craftizen Foundation has entered an exciting new phase! Craftizen, known for its innovative approach to sustainable livelihoods, conducted a train-the-trainer session for our members on upcycling discarded flowers into eco-friendly products like dhoop, agarbattis, and Holi colors.

This month marked a milestone as we inaugurated the machines and commenced our first production batch. Members are now actively engaged in sorting and drying flowers, a process that has brought new energy and purpose to our centers.

We extend heartfelt gratitude to the Craftizen team for their consistent support, expert guidance, and practical solutions whenever challenges arise. With their unwavering encouragement, we aim to make this 100% eco-friendly product line a resounding success, providing meaningful employment opportunities for our members while contributing to environmental sustainability.

# INTERNS FROM ITM GROUP OF INSTITUTIONS

Our center buzzed with youthful energy this month as we welcomed PGDM 1st-year interns from ITM Group of Institutions, Kharghar for a week's time.

Although shy at first, they quickly built a rapport with our members and center head, Ms. Chitrakala Shetty. With her guidance, they channeled their creativity and enthusiasm into making beautiful products and offered us fresh ideas for product enhancements.

The week culminated in a joyous celebration filled with games and performances, leaving us all with warm memories.

We thank ITM Group for their innovative Social Sector Internship initiative and hope the interns found their time with Swayam Siddha equally meaningful and inspiring.
